

In the Round Activity

I have petroleum (end) START: Who has the name for fuels formed by ancient sea plants and animals?	I have fossil fuel. Who has the term for energy sources that take millions of years to form?	I have nonrenewable. Who has two of the elements needed to turn decayed remains into petroleum?
I have pressure and heat. Who has the term describing rocks that have the right structure to contain oil and gas?	I have porous. Who has the elements that make up an organic compound?	I have carbon and hydrogen. Who has the energy source that is found in permeable rocks below the earth's surface?

Explain the instructions for the game, as follows:

The student with the card labeled START reads the question that follows the word START,

Who has.....

The student who has the answer stands up and responds by reading his/her card,

I have ----- . Who has -----?

This procedure continues until every person has read his/her card and the question has returned to the Starter, who answers the last question, and says, The End.
